

Applied Cognition Note 8: Design Recommendation

Due: Tuesday, December 8 at 11:59 PM

Value: 15 points

Format: 500-700 word design memo

Purpose

Synthesize two course principles into a practical recommendation for a learning tool, form, dashboard, or public information display.

Your task

- Choose one existing artifact and define its user, goal, and failure point. Include a screenshot or diagram with private information removed.
- Analyze the problem using two concepts from different course units, such as attention plus memory or language plus judgment.
- Produce a low-fidelity before/after sketch and explain exactly what changed.
- Predict one benefit, one tradeoff, and one simple usability measure that could test the redesign.

Submit

- Two-page maximum PDF design memo containing the before/after sketch.

Grading criteria

Criterion	Pts	Full-credit evidence
Accurate concept	4	Uses the assigned cognitive concept accurately and precisely.
Concrete evidence	4	Documents specific observations or examples rather than general impressions.
Analysis	5	Connects evidence to a defensible explanation and acknowledges a limitation.
Clarity and attribution	2	Meets length, organization, and citation expectations.

Submission standards

Upload a readable PDF unless the handout specifies another format. Include your name, course code, and assignment title. Cite borrowed ideas and retain the editable source file. The learning portal timestamp is the official submission time.
